

Superior Spas Ltd

Unit 6 Devonshire Ind Hamlet

Station Road, Brimington,

Chesterfield, S43 1JU,

United Kingdom

01st September 2020

Specification

Superior Spas Ltd is carrying out a project to improve productivity and efficiency by purchasing a new bespoke WMS system capable of handling growth and complexity and is seeking quotations from suitable suppliers. This WMS needs to dovetail with the existing CMS system.

European Regional Development Fund funding is being sought to support this project.

Technical Requirements

We require the following software and services:

CRM Integration – Import & Export data from and to the WMS

Synchronisation Facilities

Identify the core data held within the CRM that is required within Hipper and create import routines to bring this data from the CRM on a periodic basis. Look to transfer data every 30 minutes.

This data facility required:

- Part master information (Products and Accessories)
- Purchase order information
- Sales order information
- Dealer information
- End customer information (Names and addresses)

Initial Warehouse Functions

- Receipt Process
- Put away Process
- FIFO & Batch Control
- Repack / Picking
- Kit Building
- Despatch
- Route Planning
- Perpetual stock taking
- Stock adjustments
- Reporting
- Pick to Voice
